2 REASONS TO REFINANCE YOUR AUTO LOAN TODAY

Have you ever considered refinancing your auto loan? There are several benefits when you do so. We are here to share with you two reasons why you should refinance today.

1. **You want to lower your monthly payments.** Car loan rates go up and down depending on the overall market. Maybe rates were high when you first purchased your vehicle. If rates have dropped since then, refinancing your auto loan may be of best interest to you!
2. **You want to pay your car off faster.** Refinancing to a lower rate and shorter term will allow you to pay off your car faster while saving yourself some money on interest.

Have you gone mobile?

A FEW WAYS TO KEEP YOUR FAMILY HEALTHY AND ACTIVE THIS SEASON

- **Eat healthily:** Take advantage of summer's fruit and veggie bounty and eat the rainbow
- **Drink water:** Water is a natural, healthy, and sugar-free way to stay hydrated during these warmer months
- **Move more:** Kids need at least 60 minutes of physical activity per day, and adults need at least 30 minutes to stay healthy
- **Be food safe:** Regularly washing hands with soap and water is important. It is best practice to separate surfaces while cooking to keep raw seafood, meat, and poultry away from fresh produce
- **Protect from the sun:** Whether you're going for a short walk or spending a day at the beach, make smart choices and lather up with SPF 30 or higher
